

Center for Nonprofits- Consulting/Facilitation Services

Does your organization need help with board development, strategic planning, developing leadership or management skills?

United Way's Center for Nonprofits offers all of these services and more! Consulting services are customized to meet an organization's unique needs. Services are also goal oriented and carefully evaluated to help your organization succeed.

Other areas include:

- *staff development and coaching
- *volunteer management
- *program development
- *community engagement and collaboration
- *customer service
- *marketing
- *program evaluation
- *grant research and writing

Are you a CNP member? Members of United Way's Center for Nonprofits receive a 40% discount on consulting and facilitation fees!

"Ladies of Charity of Chattanooga came to the Center for Nonprofits initially for board assessment. We were so pleased with the way the Center organized its findings and presented us with simple-to-understand set of recommendations for improvement that we are now working the CNP to facilitate a board retreat that will help us set a long-range planning direction for serving out clients. As a smaller nonprofit group we are grateful to have professional resources of the caliber of CNP's available to assist us in our mission." - Kay Parish, Board of Director, Ladies of Charity of Chattanooga.

United Way's Center for Nonprofits mission is to help nonprofits achieve their missions more efficiently and effectively.
